Azim Premji University

OUR UNDER GRADUATES | PLACEMENT BROCHURE 2024

The cover design seeks to represent Azim Premji University as a space for growth and inclusion where students and faculty work together to contribute to the realization of a just, equitable, humane and sustainable society.

The illustrations used in our Placement Brochure each year, seek to represent the rich diversity of folk art, expressive of community and sustainability, across the states of India.

Madhubani art which originated in the Mithila region is created with fingers, twigs, brushes, nib-pens, and matchsticks, using natural dyes and pigments, and is characterized by eye-catching motifs and patterns. Traditionally, this is created by women and depicts mankind in association with nature.

The paintings adapted in this year's brochure have been created by Madhubani artists Leela Devi and Ranjana Das.
